Dear Dr. Henry,

I'm writing you today to ask you that the FDA allow non-dairy beverages to be labeled as "milk." Also, please require milk from cows to be clearly labeled as "cows' milk."

The dairy industry does not have the right to monopolize the word "milk." Besides cows' milk there is soy milk, coconut milk, rice milk, and oat milk. In fact, milk from cows should be appropriately labeled "cows' milk."

Thank you for your time and attention to this matter.

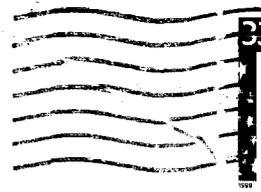

Sincerely,

  
Robert Buczek
